

# 2 in 1 Paper Cutter

The Patented Active Cutting guide holds paper firmly against the cutting base to prevent slipping while cutting and helps keep fingers behind the blade guard for safety.

Convenient built-in carrying handle for portability.

The guillotine's patented safety blade is kid-safe, finger friendly, and never needs sharpening! Great for trimming heavier weight papers, posterboards, lamination, and everything in between. Cuts up to 10 sheets of 24 lb. paper at a time.

The Rotary trimmer is ideal for cropping digital photos-- provides precision and accuracy for cutting, while the paper lock-down bar keeps paper firmly in place. Uses Purple Cows Rotary Click Blades™, available in 12 different cutting styles.

Sliding paper guide helps position papers for accurate cutting.

Embossed cutting base is labeled with all standard photos sizes.

Rubber feet provide stability on table tops and protect furniture from scratches.
