

Hot Tip for the Hot Laminator

by Diva Danielle

I LOVE my PC Hot laminator. I like to say, "I laminate anything that's not breathing." Here's a fun technique that you can use for all sorts of projects.

Supplies:

- Purple Cows Hot Laminator
- 8.5 x11 Hot Pocket Sheet
- German Glass Glitter
- Confetti any theme Hearts, Flowers, Crowns, Palm Trees

1. Warm up the laminator. It takes less than 4 min.
2. Using your Hot Pocket sheet, sprinkle Confetti and glitter inside the sheet. Overlapping the glitter and confetti is a cool effect.
3. With a piece of card stock for stability underneath the laminator sheet, run the sheet thru the laminator. The effect is really cool and now I can show you what I made with it!!!
