

Picture Starters

by Ana Cabrera

Picture starters are an easy way for kids to keep busy and quiet. Laminate preprinted backgrounds meant for scrapbooking. They can serve as the canvas for mini-masterpieces. You can also create your own backgrounds or find them online.

Supplies:

- Purple Cows Kool Laminator- Trimmer Kit OR Purple Cows Hot Laminating Kit
- Background papers
- Dry erase markers

1. Trim background papers to 4" x 6". These were originally 12" x 12", so they yielded a few sheets per page.
2. Laminate each background using either your Purple Cows Kool Laminator- Trimmer Kit, or Hot Laminating Kit.
3. Draw in shapes and figures with dry erase markers. You can also use a wax crayon. Just use a little spray cleaner to wipe when finished.
