

Psychedelic Layout

by Ana Cabrera

The layout uses the Purple Cows 2-in-1 Scrapbook Trimmer to make this unique pattern.

Supplies:

- 1 piece 12" x 12" black cardstock
- 4 pieces 12" x 12" paper in varying colors
- Purple Cows 2-in-1 Scrapbook Trimmer and scoring blade
- Permanent Adhesive
- Embellishments
- Photo

1. Trim the black cardstock to 8" x 12", then turn and trim so you end up with an 8" x 8" piece. become your matchbox card.

2. On the remaining 4 pieces of paper, mark each one as follows: Along the top edge starting from the RIGHT side, use a pencil to measure and mark at the 1", 3", 5", 7" and 9" measurements. Along the bottom edge, also starting from the RIGHT side, mark the 2", 4", 6", 8", and 10" measurements.

3. Next, cut the triangles: Lay the paper in the trimmer so that the bottom right hand corner is at the cut line, and the 1" mark is also at the cut line, then trim. Line up the top corner with the cut line, and the bottom 2" mark with the cut line, then cut. This will be your first triangle. Repeat until you cut the entire page of each color.

4. Choose a point, off center on the black 8" x 8" page. Following the pattern shown, lay and adhere all the triangles onto the page. Trim off the excess using your Purple Cows Trimmer, and save for use with your Matchbook Card.

5. Mount a picture and add your title!
