

Ultimate Diva Album

by Diva Danielle

Here's a fun way to show all the great decorative designs you have with the Ultimate Trimmer.

Supplies:

- Purple Cows Ultimate Trimmer
- 5-12 x 12" double sided paper. I used The Paper Element
- Rub Ons
- Bind It all
- Bind it all 6" of ¼" wires
- Fiber & Ribbon

1. Trim your paper with the straight blade 6 x 12".
2. Using all your blades, cut the bottom of your paper by ½" in graduating pieces from your 6 x 12" paper. I used 9 pieces because there are 9 different decorative blades. Choose which order you want them to show before you cut.
3. Use the Bind it All to create an album.
4. Now for the embellishments: I used The Paper Elements rub ons for the cover .
5. Tie fiber and ribbon on the coils for added Pop!
