

Whiteboard

by Ana Cabrera

Laminate + a dry erase marker = endless possibilities! Make one of these handy reusable note papers for each member of the family. Keep one on the fridge for a running grocery list. Even use them as handy travel drawing boards for little ones.

Supplies:

- Purple Cows Hot Laminating Kit OR Kool Laminator-Trimmer Kit
- Bazzill Basics card stock: Small Scallop
- Stickers
- Dry Erase marker

1. Cut your card stock or note paper to the desired size.
2. Add a sticker or two for embellishment. IDEA: Label one with the names of each family member for personal reminders.
3. Laminate the card stock using either the Purple Cows Hot Laminating Kit, or the Kool Laminator-Trimmer Kit. Trim off the excess.
4. Write notes and lists as needed with a dry erase marker. Wipe off when done with a soft cloth or paper towel. The little boards can be made in any size for just about any use!
